Wildomar Young Marines New Recruit Enlistment Policy

It is the intent of the Wildomar Young Marines to accept as many new recruits as we can safely manage. Regretfully this means that we must ultimately limit the number of new recruits. We encourage all interested parties to add their name to the interest list located at <http://www.wildomaryoungmarines.com/For%20Recruits/interestform.aspx>

This list will be processed in the order that people have signed up. In June an email will be sent out to the first group of interested parties (number to be determined), asking them to confirm that they are still interested and to verify that they are able to meet the financial obligations associated with registration. If there are not enough confirmations from this first group of individuals, a second email will be sent out to the next group of interested people and so on until our roster is full.
